WENT FOR KID ELBERFELD

Was Going to Beat Up New York Player-By the Way, Washington Lost.

NEW YORK, May 30.-Washington lost a ragged game here to New York yesterday by 5 to 2. Errors by Jones Altizer, Heydon, and Kitson marred the work of the visitors. Kitson allowed only seven hits, and made the Highlanders hustle to win, but the fielding and bad judgment made his good work count for nothing.

principal interest centered in the work of Altizer, the new shortstop. He made three sensational plays at short, and his error in the first was not serious Wasn't Bluffed.

a strong, healthy body; but how many do we see who have inherited that greatest of all misfortunes, Scrofula, and are struggling under a legacy of disease and suffering? Scrofula is a constitutional trouble handed down from parent to child, a curse from generation to generation as long as the scrofulous matter is allowed to remain in the family blood. As the very foundation of the blood is diseased we see this awful affliction manifested in many ways, such as enlarged glands or tumors about the neck, which often burst and become discharging ulcers, weak eyes, chronic Catarrh of the head, skin diseases, etc. This blighting disease being so firmly intrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, while a pallid, waxey appearance of the skin, loss of strength, and often lung affections show that the disease is entirely destroying the rich, nutritive qualities of the blood. There is but one way to cure Scrofula and that is to purify the blood and rid it of the germs of disease, and for this purpose nothing equals S. S. S. Its purifying and

CROWELL MAY COACH GEORGE WASHINGTON

Athletic Council Practically Accepts Player's Offer.

STRONG ELEVEN NEXT YEAR

Captain Steenerson and Ten Others Remain as Formidable Nucleus. New Men Out.

At a meeting of the athletic counc of the George Washington University, composed of the captains and managers of the athletic teams and members of the faculty and alumni, held Monday, it was about decided that the services of the famous quarterback Crowell, who played with Swarthmore, had been secured for the Hatchetite football team text year.

It was learned some time ago that Crowell had been looking for a berth and when he was down here last fall he expressed a desire to coach at the ocal university. Remembering this, and realizing the need of an efficient coach, the George Washington authorities, when the question came up at the meeting, considered an offer which Crowell had made to them, and practically accepted his services.

Management Reports Favorably.

It is stated by students at the school that Crowell named his price, something nder \$1,000 for the season, and that the management has reported favorably on the subject. The only thing which now retards the signing of the contract is the formal acknowledgment of Croweli of his acceptance of the position.

With such a man as Crowell in charge of the George Washington team, after the advance made in football last fall. and the material at the school for nex season, the outlook at the downtown in scason, the outlook at the absolute in-stitution is more promising than ever-before. All told, there are ten or twelve old men who will be back this year, only three of last year's team going out through graduation or othrwise. Those to leave are Fullback Stevenson, S. H. Smith, center, and Gibson, the big left tackle, who may, however, return.

SPORTING COMMENT.

Yale freshmen athletic teams have elected their captains for the ensuing year. John Harper, from Pittsburg, was chosen to lead the baseball team, and L. B. Robbins will lead the freshmen crew.

There have been a number of suggestions concerning the interhigh games which the board of faculty advisers would do well to consider. One of these it seems would be feasible, and in accordance with the practice of officials for the majority of games held in this section, and that is the presentation of an individual prize, whether medal or cup, for the best individual performer.

In glancing over the record of meets for the past few weeks, a not worthy fact is that the time in the races of the interhigh meet last week compares most favorably and in most cases surpasses that of most other meets which had been held lately with the exception of the Middle States champlaneshing and late.
